

United 2+1 Premier Motorhome

This super motorhome is perfect for 2 adults and a child. Built on a Mercedes Benz Sprinter long wheel base, this motorhome offers even more living space for your family, with enhanced seating and sleeping comfort for a child. Sure to be a winner!

Front swivelling seats and a third passenger seat behind the driver create a second living area complete with a flat LCD Screen and DVD player as a standard feature. We've built more enhancements into the third passenger seat so that in the evening this lounge area also converts to a comfortable sleeping area, providing space both day and night for the third member of your family.

Other features include filtered water, hot and cold pressurised water, shower and toilet, 3 burner gas cooker with grill and rangehood, heating in the rear cabin, and extensive storage. Modern cabinetry and a luxury finish provide a warm living environment

All vehicle specifications and facilities shown below are an indication only and are subject to change as models are introduced to the United fleet.
